Bin Cover Boxes

modern – practical – durable

Stylish Bin Cover Boxes by BIO Stefan

Ugly trash cans? Not anymore!

BIO Stefan offers elegant and practical bin cover boxes that blend seamlessly with your surroundings. We're committed to top-notch quality, sustainability, and appealing design, ensuring your outdoor space is not just tidy but also stylish.

This brochure provides a detailed overview of our four product lines, their unique features, and the many benefits of choosing a bin cover box from BIO Stefan. Discover how our smart features, sustainability, and customization options can make your home more beautiful and functional. Get inspired and see why our customers love their BIO Stefan trash can enclosures!

Advantages

Wheelie trash bins are a common part of everyday life, but no one wants them visibly standing in the garden or driveway. That's where BIO Stefan's bin cover boxes come into play, offering a practical and stylish solution to hide unsightly bins. Here are the key benefits that define BIO Stefan bin cover boxes:

Elegant design for a clean look

BIO Stefan's bin cover boxes transform unattractive bins into eye-catching features. With modern designs and quality materials, they fit seamlessly into any garden or yard, enhancing the appearance of your home.

High-quality and durable materials

The boxes are made from premium materials such as wood, metal, or plastic. They are sturdy, weather-resistant, and long-lasting—an investment that pays off over many years.

Practical and functional

BIO Stefan boxes offer smart features like continuous air flow, lockable doors, and protection against the elements. They're easy to use and ensure your trash bins are secure and readily accessible.

Sustainability and local production

The boxes are produced in an environmentally friendly and local manner. Choosing BIO Stefan means opting for a sustainable product that conserves resources and protects the environment.

Customizable options

Each bin cover box can be customized. Choose from various colors, materials, and sizes to find your perfect solution. Special designs ensure the box blends harmoniously into your outdoor space.

Models

Dagobert

The economical choice – a practical, minimalist bin cover box available in various colors, focused on essentials.

With Dagobert, you choose a practical and minimalist bin cover box that offers functionality without unnecessary frills. It stands out with these features:

- ✓ Galvanized steel sheet, powder-coated on the outside, primed on the inside.
- ✓ Designed for 1–6 trash cans (modular expansion available)
- ✓ Suitable for flat surfaces
- ✓ Available in 120l or 240l boxes, perfect for small spaces
- ✓ Reversible lid and door stop
- ✓ Optional lid or plant roof
- ✓ 7 colors including wood finish 'Golden Oak', custom color on request

starting at € 274,90

Price excluding VAT

Models

Alubert

The sporty: lightweight, durable bin cover boxes with hidden lock mechanism

With Alubert, you combine functionality with modern design. It's sturdy, weather-resistant, and easy to handle – the perfect solution for your waste disposal needs. The lid of the bin cover box cleverly connects with your trash can lid – so the can opens automatically when you open the box.

- ✓ Made from high-quality aluminum, coated both inside and out
- ✓ Suitable for 1 to 6 trash cans
- ✓ Adjustable feet for uneven surfaces (10–75 mm)
- ✓ One size fits all: suitable for 120l and 240l bins
- ✓ Gas struts for smooth lid opening
- ✓ Classic anthracite (RAL 7016), black (RAL 9005) or gray aluminum (RAL 9007) fits perfectly with modern outdoor areas. Custom colors available upon request

from € 471.64

Price excluding VAT

Models

Stahlfred

The robust, versatile, and lockable premium bin cover box. With a solid steel door that fits your 120-liter and 240-liter containers.

The Stahlfred bin cover box is the perfect solution for those who want to store their bins stylishly and securely. Stahlfred combines durable materials, flexible features, and modern design.

- ✓ Made exclusively from laser-cut, fire-galvanized steel, powder-coated inside and out, with stainless steel hinges and screws
- ✓ For 1 to 6 trash cans, expandable modular design
- ✓ Height-adjustable feet for uneven surfaces (15–60 mm)
- ✓ 120-liter or 240-liter boxes available, ideally matched in height and depth
- ✓ Reversible lid and door stop
- ✓ Fully enclosed structure with lockable doors and lids, comes with a key
- ✓ 7 colors and a roof option with a plant cover, custom colors available upon request

starting at € 810.58

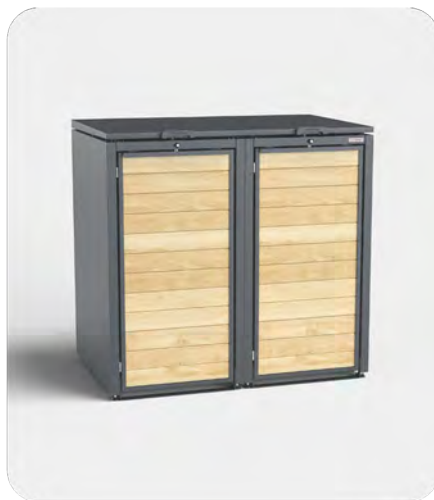

Price excluding VAT

Models

Holzmichl

Your wooden bin cover box – Holzmichl by BIO Stefan® with real wood cladding

The Holzmichl trash can enclosure combines natural design with robust functionality. Its real wood cladding made from durable spruce wood blends seamlessly into your outdoor space.

- ✓ Made entirely from laser-cut galvanized steel, powder-coated inside and out, with stainless steel hinges and screws, featuring real wood inserts
- ✓ For 1 to 6 trash cans, expandable modular design
- ✓ Height-adjustable feet for uneven surfaces (15–60 mm)
- ✓ Available in 120l or 240l boxes, easily combinable due to uniform height and depth
- ✓ Reversible lid and door stop
- ✓ Fully enclosed structure with lockable doors and lids, comes with a key
- ✓ 7 colors and a roof option with a plant cover, custom colors available upon request

from € 864,80

Customer Voices

Our customers are the best ambassadors for the quality and functionality of BIO Stefan trash bin enclosures. Their opinions and experiences demonstrate how our products not only look great but also make everyday life easier. Read on to discover why our satisfied customers chose BIO Stefan and what they particularly appreciate about our solutions. From superior craftsmanship to excellent customer service – see what sets us apart!

Sven K. Verified

Everything Top-Notch

The online shop order process was smooth. From ordering to delivery, we were kept up-to-date at all times. The trash bin enclosure was well-packaged across four boxes (3-box set and accessories) and arrived complete within 5 business days. The setup, guided by BioStefan's online support, took about 2.5 hours. Great value for money and everything else was perfect – would choose them again anytime!

Edgar L. Verified

Once BioStefan, Always BioStefan

After buying our first Dagobert trash bin enclosure a year ago and adding two more bins since, it was only logical to purchase another Dagobert! They are beautiful and practical, simply perfect! Would gladly choose them again and again.

Andreas H. Verified

Fantastic!

The product matches the description and is remarkably high-quality for the price. Best of all: when a defect (gas spring) appeared after nearly 3 years, they offered quick, straightforward, and friendly assistance. That's what I call service. A full 5 stars from us.

...and many more. See for yourself!
