Važna napomena za montažu

Pročitajte prije početka montaže

Tijekom montaže nemojte do kraja zatezati vijke.

Sve vijke konačno zategnite tek kada su svi dijelovi vrtne kućice LAMELLOT sastavljeni i pravilno poravnati.

Prije konačnog zatezanja provjerite je li kućica vodoravna i okomita. Provjerite i sve prave kutove.

Najprije poravnajte, zatim zategnite.

Provjerite vodoravnost, okomitost i prave kutove.

Sigurnost, priprema i održavanje

Opće sigurnosne napomene

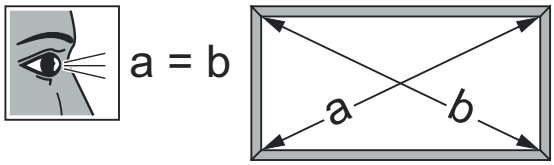

- Prije početka pažljivo pročitajte cijele upute za montažu i sačuvajte ih za kasniju uporabu. Predajte ih i drugim osobama koje sudjeluju u montaži.
- Ne dopuštajte djeci da se bez nadzora igraju dijelovima proizvoda ili ambalažom. Male dijelove čuvajte na sigurnome (opasnost od gutanja i gušenja).
- Metalni dijelovi mogu imati oštre rubove. Nosite odgovarajuće zaštitne rukavice, a veće dijelove po mogućnosti montirajte udvoje.

Prije montaže

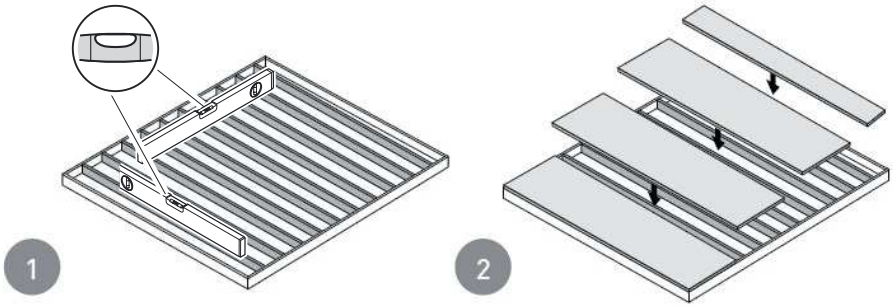

- Vrtnu kućicu postavite samo na čvrstu, ravnu i dovoljno nosivu podlogu. Provjerite lokalne zahtjeve za temelj i pričvršćivanje.
- Provjerite sadržaj isporuke prema popisu dijelova te pripremite sav potreban alat.
- Zaštitne folije uklonite tijekom montaže ili odmah nakon nje u skladu s uputama za pojedine dijelove. Kao zaštitu od ogrebotina koristite karton ili meku podlogu.

Njega i čišćenje

- Redovito uklanjajte lišće, prljavštinu i snijeg, osobito s krova i odvoda. Poštujte dopušteno opterećenje krova.
- Metalne površine s praškastim premazom čistite mekom krpom i prikladnim blagim sredstvom za čišćenje. Ne koristite abrazivna sredstva.
- Naslage uklonite što prije jer zadržavaju vlagu i mogu oštetiti površinu. Prema potrebi osigurajte zaštitu od vlage ili odgovarajuću drenažu podloge.
